

Architect / Project Architect

We are seeking a licensed Architect with 5–10 years of professional experience working in an architectural firm. The ideal candidate will have experience leading project teams through all phases of commercial and residential project design, construction documentation, and construction administration.

Qualifications

- Licensed Architect in Montana (or ability to obtain licensure)
- 5–10 years of experience in an architectural practice
- Experience managing project teams and coordinating consultants
- Strong background in commercial and residential project design and construction documents
- Specification writing experience
- Ability to provide clear redlines and oversee quality control for project documentation
- Construction observation / construction administration experience
- Proficiency in:
 - Revit
 - Microsoft Word and Excel
 - Adobe InDesign
 - SketchUp
 - Bluebeam
- Strong written and verbal communication skills
- Ability to work collaboratively in a team-oriented environment

Compensation & Benefits

Competitive compensation is dependent on the level of experience and qualifications.

Benefits include:

- 3% IRA match
- Medical insurance
- 3 weeks paid vacation (negotiable depending on leadership level)
- Discretionary annual bonus based on firm profitability and level of responsibility
- Continuing education and professional training opportunities
- Company outings and team events
